

## SavvyMum's 365 day 52 week saving challenge

### Save £1,378 in a year

Instructions: Grab yourself a savings jar of any kind. Start on 1st week of January. There are 3 ways you can do this. Firstly you can start at the very beginning and put £1 into the jar then on week 2 = £2, 3rd week = £3 and so on. The second way of doing this is in reverse, start with the largest amount and work backwards. The final way of doing this is in any order you like as long as you remember to tick off the box next to the ones you have completed already.
